Landlords Must Register Housing By Next Tuesday

45-day Period Will Expire May 15; Delinquents Face Penalties

Lucien E. D. Gaudreau, state rent executive, yesterday urged landlords who have failed to register their housing accommodations to do so before May 15 or face the penalties provided in the Emergency Con-

Those who rented housing ac commodations prior to April 1, 1945, the date on which rent control wen into effect in Allegany county, are given forty-five days to register, and May 15 marks the close of the fortyfive day period allowed by law.

10,758 Register Here Latest reports received by the state rent executive show that 10. 758 property owners have registered their housing accommodations in Allegany county. Gaudreau stated that there are still some landlords who have failed to report to the area rent office at 111 Union street, He added that if they fail to reg ister by the expiration date of the forty-five days' grace period the will be subject to the penalties as provided by law.

Landlords renting property for the first time are allowed thirty days in which to register at the area rent control office. In such cases the landlord may set his own rent and the first rent collected becomes his maximum rent. The rent director may reduce this rent if it is higher than the prevailing rate for similar premises on the

maximum rent date. On April 1 rents in Allegany county were rolled back to levels prevailing in the county on March 1, 1944. Under the rent control law no tenant shall pay higher ren than the rent that existed on his particular housing accommodation on March 1, 1944.
